*Textiles that fit your passion for life!*

## **Dear Customers and Partners of MoreTextile Group**

Since the beginning of this present planetary crisis, we have been adapting our Group in order to face the situation, having in mind the safety of our personnel, as well as maintaining the best possible service to our Customers.

In the face of current developments and the tense situation around the world - lockdown in various countries, no reception of goods by numerous Customers, breakdown of logistics operations, worsening of the official state of emergency conditions and entering the most problematic period of the pandemic in our region - we have to inform you that we have had to drastically reduce our operations for the next weeks. Thus, some of your orders could be postponed.

**Our Sales Team will be contacting you in order to continuously update the situation** and will be here to help you with your requests, such as new developments, technical advice and new collections.

**Naturally we will keep you at all times updated of the situation**, having in mind that we will immediately reverse this scenario as soon as the conditions improve in order to keep on delivering the most beautifully and cozy home textile products.

**Above all, please be safe, as well as your family and friends.**
